The Illustrated Edition of the hilarious fantasy, co-written by Terry Pratchett, at age seventeen, and
Terry Pratchett, at age forty-three

In the beginning, there was nothing but endless flatness. Then came the Carpet...

Now, the Carpet is home to many different tribes and peoples, and a new story: the story of Fray,
sweeping a trail of destruction across the Carpet; the story of power-hungry moul — and of two
Munrung brothers who set out on an adventure to end all adventures when their village is flattened.
It's a story that will come to a terrible end if someone doesn't do something about it.
